**Queued for next session (after today's close → next open)****● NO TRADES — hold current book**

- Buys — No risk budget to add — the book is 90% invested versus the volatility-scaled exposure cap of 73% (base 90% × 0.82× governor). No persistence-buy candidate either (no unheld name has held score >0.90 for 3 consecutive days).
- Sells — No exit triggered — stops are score-gated (fire only below 0.90 composite) and none qualify; max-hold suppressed until score <0.80; score-decay sell disabled; no rotation funding required.

**Market commentary**

- Session was risk-off and momentum INVERTED: the Top-10 minus Bottom-10 spread was -4.03% — higher-scored names sold off harder than the laggards (universe avg -1.61%). That is the momentum-reversal-in-a-selloff pattern, not a normal trend session.
- Hardest hit among the leaders: MRVL -9.78%, INTC -8.45%, KLAC -7.44%, AMD -7.30%.
- The volatility governor is ENGAGED: forecast vol 42.90% is above the 35.00% target, so gross exposure is scaled to 0.82× (82% of budget). New buys are automatically sized down — the correct hands-off de-risk response.
- Held book returned -3.76% on the session; biggest detractor MRVL (-9.78%). Open positions remain net profitable on entry-to-date P&L.
- Stop-losses are armed (score below 0.90) on: SEDG (0.32), DDOG (0.53), CRWD (0.57), QCOM (0.60) — the engine will exit these automatically if they keep sliding.

**Recommendations — tonight → next open**

- BUY candidates (clear the >0.90 entry score, not held): AMAT (0.91), HOOD (0.90). These trigger only on the 3rd consecutive day above the bar; max 2 new/day. Sized ~6.9% of book (per-name cap × 0.82× governor).
- WATCHLIST — climbing fast but still below the entry bar: JPM (▲22, 0.73), AAPL (▲18, 0.50), WDAY (▲17, 0.34), PYPL (▲16, 0.62). No action; revisit if they push above the gate.
- EXITS — let the engine fire stops on its own at the open; do not pre-empt score-gated holds that are still trending. No discretionary selling.
- NET STANCE: defensive. Governor de-risked and the momentum spread is negative — this is a de-risk session, not one to add aggressively. Expect at most 1–2 small adds and possibly 1–2 stop-driven exits next open.

Signal strength (ranking-close → latest)

| Metric                       | Value           |
|------------------------------|-----------------|
| Top 10 – Bottom 10 spread    | -4.03%          |
